

A Letter To The Church of Quarantine

9-13-20

Study Questions:

1) What have been some pleasant surprises that you have experienced as a result of the time of quarantine?

2) What have been the difficulties and disappointments that have come out of the quarantine?

3) Has the quarantine done more to bring you together with your close family members or has it driven you farther apart?

Why do you think that has happened?

4) How has the quarantine changed our society in terms of:

Racial relations

Political relations

Hope for the future

5) In view of the sharp divisions that are all around us, how are you as a Christ follower instructed to respond to people who have radically different ideas than you do?

Will you be able to respond in such a manner?
